SOFTEN THE LINES BETWEEN INDOORS AND OUTDOORS

Don't limit bringing the outside in with use of plants, why not do the same with your garden furniture?

The versatility of our rattan furniture makes it the perfect choice for both indoor and outdoor use all year round. The deep filled soft cushions are comfortable enough to use indoors when the weather outside is less than perfect.

The natural tones, textures and colours of our rattan weaves allows your outdoor space to naturally flow into the home. With over a 80 indoor and outdoor fabrics to choose from you'll be sure to find a fabric to complement both areas of your home.

FRESCO BY DARO

Our ever-popular Fresco collection has even more to offer this year with an extensive choice of affordable furniture sets especially created for your outdoor space.

In line with current trends each hand-woven piece is available in either Pale or Dark Grey and both partners beautifully with the specially selected outdoor fabrics Beige Fleck and Teal. You can easily add a splash of colour with cool striped scatter cushions. And it doesn't stop there, each set comes with a weather cover to help protect your furniture on those rainy days!

There are two distinct design features on sofas, armchairs and corner units; a contemporary boxy shape or an elegant curve, also worthy of mention is the handy pair of stools for extra seating and the high corner table with useful storage.

Dining options include a casual dining table to combine with sofas and corner sets and sets with either 4 or 6 seat round tables that team up with our elegant carver chairs.

Our Fresco Sun Lounger Set is beautifully shaped with sumptuous cushions. Each set includes a pair of sun loungers and a handy side table. You don't need your own pool to have a sun lounger, just a peaceful garden!

Finally, check out the full list of Fresco accessories on page 43, we've thought of everything to make your outdoor living so good you won't want to come back inside!
